V<sub>6</sub> Crystal White

Luxura V<sub>6</sub> is the entry level vertical tanning bed with a fresh, up-to-date design that comes in a beautiful Crystal White colour. For a more exciting look, choose one out of three fashionable twin colours to underline the high end finishing of the V<sub>6</sub> or upgrade to a glamour edition with rhine stones! The Luxura V<sub>6</sub> is the perfect model for everybody who wants to expand their services with professional tanning. The lovely design comes with smooth opening double doors with space saving small turning circles. Another highlight: the inside control panel has a clear, user friendly touch screen to navigate through the personal tanning settings.

The lovely standby light enlightens the unit between tanning sessions. Inviting customers to enter the V<sub>6</sub> and leaving nobody in the dark after the tanning session has ended.

Wellness tanning for all the senses. Whenever a pleasant atmosphere in the tanning tunnel is desired, Xsens will distribute a wonderful scent throughout the interior of the Luxura. It's like a breath of fresh air in the fragrances Ocean, Blossom or Sandelwood. Choose between Xsens I (one fragrance for your Luxura) and Xsens III (three fragrances).

Naturally refreshing. A wonderful, gentle mist is sprayed across the body at intervals.

Pump up the volume. Via two loudspeakers and a subwoofer, the Luxura will turn any type of music from up to four different music channels into a fabulous sound show. My MP3, Bluetooth, SmartVoice and SD cards for two internal music channels are included.

In addition to SoundAround Basic Sound Around Plus includes SD cards providing two extra internal music channels (relax music, energetic music or program your own music).

In addition to the four optional music channels from the SoundAround package, the user may plug in his own MP3 player, in order to enjoy his own favourite sounds.

A friendly voice will guide the user acoustically through the different functions. It will describe all possibilities, turning the tanning session into a veritable miniature holiday.

This positioning extra ensures an optimum tanning performance, because it will locate small and medium-sized users correctly to the tubes. Therefore, both the face and the feet will be perfectly positioned during the tanning session (for V<sub>10</sub> only).

High Power System: a special filter for the SLi facial tanner. For more efficiency, direct pigmentation, and a visual mirror effect.

The smart Bluetooth system allows tanners to easily connect their own smartphone or small tablet to the sound system for great audio experiences. This way they can instantly play their own music while tanning. No cables needed - simply play & tan.

The XL tubes, which have a length of two metres, ensure an even, all-over tan.

The fading colour flow with a nearly inexhaustible range of colours provides an extra sense of atmosphere.

The electronic ballasts – integrated as standard – ensure energy savings of at least 15% (for V<sub>8</sub> only).

This Intelligent Power Control System guarantees, during the entire lifecycle of the tubes, an optimal output of 0,3 W/m<sup>2</sup> in conformance with the EU regulation. IP Control achieves a tube lifecycle of 1500 hours! Energy consumption of the tubes will reduce up to 25% (for V<sub>10</sub> only).
